

ORIGINAL EQUIPMENT & AFTERMARKET: SAME LEADING TECHNOLOGY FOR MAXIMUM VEHICLE SAFETY.

Monroe® Automotive Block Exemption Regulation
Quality Statement

All Monroe® aftermarket shock absorbers are either 'Original Spare Parts'(OSP) or 'Spare Parts of Matching Quality' (SPMQ) as defined in Article I, Sections (u) and (t) of European Commission Regulation (EC)1400/2002 of July 31, 2002, commonly known as the Automotive Block Exemption Regulation. This means that all Monroe® shock absorbers are qualified replacements parts under vehicle manufacturer warranties.
